# The Family Circle.

Our story begins where the most approved novelists usually leave off-at the bridal altar. For it often happens, that not until the loved and cherished one becomes a wife, and steps forth from the shelter and security of her father's roof, and assumes some of the responsilabities of life, that the real character begins to unfold itself, and purs forth latent energies which are henceforth to be exercised either for the joy or the unhappiness of all who come within

When Immogen Carlton first received the congratulations of an admiring crowd as the bride of Walter Howard, she was little more than a beautiful child. who had grown up like a greenhouse plant-beltered from every blast, and accustomed to hear her slightest word received with deference and admiration, and a stranger to all those vicissitudes and disappointments which make so large a portion in the sum total of all our lives. It is true she lost both faenough to be sensible of the misfortune. but as she laid claim to a goodly inher-itance, and was in charge of guardians who honestly meant to perform their duty, she knew little of care or sorrow.

In placing Immogen at the fashion-able school, and supplying all her wants, her guardians believed they discharged their trust faithfully and benerably, and that nothing more was required. was a natural consequence, then, that missing the care of judicious parents, and left much to her own choice of ocequations, and studies, that her education was of the most superficial kind,
